CITY SCHOOL BOARD MEETS LAST NIGHT

All Present Teachers Succeed Themselves by Unanimous Votes.

SOME GET INCREASES

Two Hundred Children in Schools During Last Session Over Those Reported Previous Year.

The City School Board was in session two hours and a half last night. All the members were present.

Superintendent Sweeney submitted a synopsis of his yearly report in which he showed that the attendance upon the public schools had increased over two hundred over the previous year. The colored schools, however, showed a falling off of four. He stated further that there was every reason to suppose that a still further increase of applicants for admission to the schools would be made next year, and the matter of accommodations would be a problem to be met.

It was ordered that the committee on school houses and furniture make inquiries as to the feasability of securing certain rooms in the old Peabody School Building, northwest corner of King and Alfred streets, to be used temporarily, or until the new high school building shall have been erected.

It was also made apparent that additional teachers would be required at the opening of the schools in September.

There seemed to be a decided purpose on the part of some members of the board to close the old Howell school building on Wolfe street, adjoining Washington School, and, should no other accommodations be furnished the scholars who are taught therein to turn them into the streets. Attention was called to the fact that the structure had been condemned by three grand juries.

After some discussion it was determined to refer the matter to the committee on school houses and furniture who will report at the August meeting.

The following increases in salaries were made: Stanley G. Blanton, of the High School, $1,100 instead of $1,000; E. B. Prettyman, of the High School, $1,000 instead of $850; M. N. Fisher, Principal of Washington School, $1,100 instead of $1,000.

All the present teachers were candidates for re-election, and they will succeed themselves as follows:

GRAMMAR GRADES—HALLOWELL SCHOOL—H. T. White, Principal, Bessie K. Spriggs, Harriett E. Thornton, Sarah D. Gray, Susie B. Pinn and Laura Dorsey.

It was ordered that when teachers in the High School are absent a deduction of $3 per day be made in their pay, and $2 in the pay of those in other grades.

The election of janitors was deferred.

The board received seventy-five applicants for positions as teachers. They came from nearly all quarters of the country.

NEWS OF THE DAY

One hundred and fifty soldiers who recently looted the town of Kalgan, 125 miles northwest of Peking, China, and afterward were induced to disarm by a promise of being given their freedom, have been put to death. Last month the garrison of 6,000 soldiers at Kalgan mutinied and looted and then burned the city. All persons who resisted them were killed. Women were attacked by the mutineers, and many carried off.

Fifty years for stealing 50 cents is the sentence which a Hale County, Ala., jury imposed on Frank Williams, a negro, who, in 1894, robbed another negro of half a dollar. After serving more than twenty years of the fifty-year sentence, Williams has been paroled by Governor O'Neal.

Count Mouravieff, the governor of Moscow on arriving at Calais, France, from London last night left his hand-bag on the train for a few minutes. On returning he found that it had been stolen. It contained $20,000 worth of jewels and $4,000 in cash.

Three men were killed in a Manchester, N. H. lodging house fire early yesterday.

Announcement that 400 Japanese laborers from California are coming to locate in Alger county, Mich., has started antialien land law agitation, and it is reported an attempt will be made at the next session of the State legislature to enact an antialien law similar to the one in California. The Japanese will engage in vegetable farming.

Joseph Garbarino, of New York, shot a hole in a picture of his wife, showing her in her wedding dress and then put a bullet through his own mouth about 10 o'clock last night. His wife, Anna, found him dead on the floor of their home yesterday morning. They had quarreled on Sunday, and taking the children—a boy, 7, and a girl 4—she went to live with her sister in the flat above.

One of the new military balloons constructed for the use of the German army burst yesterday while being inflated with gas at the factory at Fort Marienburg. Two soldiers were killed and two more fatally hurt.

Samuel H. Horton, of Peekskill, N. Y., was thrown under a mowing machine and ground to death when his horses ran away after being attacked by a swarm of bees yesterday at Mohegan. His brother Spencer found him with his nose, one arm and head cut off, impaled on the knives of the mower.

John Dove, father of little Florence Dove, who was assaulted and murdered on a hillside near North Braddock, Pa., last May, attacked Jacob Taylor, confessed slayer of the child, as he sat in the coroner's inquest. Dove jabbed Taylor with a steel-shod umbrella in the neck and face, and it was with difficulty he was rescued by the county detectives who guarded him. The attack came just after Elizabeth Klimek, who was with Florence Dove when she met death, had identified Taylor. So threatening was the crowd that the inquest was adjourned. Taylor was held for the grand jury.

You will miss the time of your life if you miss the Elks' outing July 16 to Colonial Beach on the steamer St. Johns. Music and dancing on boat going and returning. Regular prices, adults 50c; children, 25c.

Our store will close at 12 o'clock noon Saturday, July 4th.

DROPS TASK INTO MEXICAN HANDS

Diplomats and Delegates Quit Niagara Falls and Declare Recess.

OPENED TO FACTIONS

Exchange of Polite Notes Clears Away Obstacles to Communication—Effect in Mexico City.

Niagara Falls, Ont., July 3.—With the departure tonight of Ambassador Da Gama, of Brazil, Minister Naon, of Argentina and the American delegation consisting of Justice Lamar, Frederick W. Lehman and H. Percival Dodge, diplomatic secretary, the Pan-American mediation conference, convened to find a solution of the Mexican problem, formally ended its sessions here.

Minister Suarez, of Chile, and the Huerta delegates, will leave today. When and where the next meeting will be held depends for the present upon General Carranza, the Constitutionalist leader who is now consulting his subordinate chiefs about sending delegates to a conference with the Huerta delegates for the selection of a new provisional president.

In the meantime, mediation has been declared in definite recess. Formal notification of the invitation to Carranza to send delegates and his reply was conveyed by the mediators to the American and Huerta commissioners in an identical note yesterday. It sets forth that there is no further need of sessions until the Constitutionalist delegates are appointed. The note declares the international conflict settled and adds "all that is left to be done is to establish and organize a provisional government in Mexico a patriotic work reserved exclusively to the two Mexican delegations."

The Huerta delegates replied to this communicaton in two separate notes, one expressing appreciation of the efforts of the three mediators in bringing about a settlement if the international conflict and the other, addressed indirectly to the Constitutionalists, declaring in polite terms sincere desire to discuss internal affairs with them. This opens the way for direct communication between the Constitutionalists and delegates.

Mexico City, July 3.—"Peace between Mexico and the United States was definitely arranged Wednesday in a protocol signed by the Mexican delegates at Niagara Falls. It is impossible to give the details until the Mexican Senate has acted on the protocol."

This statement was given out by Acting Foreign Minister Esteva Ruiz, who added that the dignity and sovereignty had been saved.

NORFOLK EXPORTS

Makes Total for Fiscal Year Ending Tuesday, $4,000,000 Excess of of Last Year.

Norfolk, Va., July 3.—That the port of Norfolk is rapidly forging ahead in the export business is shown by the fact that the value of the exports from the port during the fiscal year ended Tuesday was $21,620,670, which was $4,666,024 in excess of the value of the exports for the fiscal year 1912-1913, when they reached a valuation of $16,863,546, according to an unofficial total made yesterday from figures on file at the custom house.

The value of exports for the year just ended would have been even greater had the old system of having every vessel coming to Norfolk for bunker coal enter and clear from this port, thereby giving the value of the bunker coal taken on board in the export column. Under a recent ruling of the Treasury Department, a vessel coming into Norfolk from an American part for bunker coal does not have to clear unless she remains in port over twenty-four hours or has a change in crew while in port. In previous years these figures have been counted in the exports.

CHILDREN'S PLAYGROUND

Opening Yesterday Great Encouragement to Promoters.

As day after day passes, the children's playgrounds, instituted but a few days ago, at the Washington school grounds, is manifesting itself to be of the greatest benefit to the children of anything ever originating in the city. While yet in its infancy, hundreds of parents are sending their children to the grounds for instruction and recreation by the directress, Mrs. Howard Beall, of Washington.

Yesterday proved to be one of the big days since the opening. With the aid of donations from Alexandria merchants and firms, coupled with the splendid assistance of the Boy Scouts, the erection of the swings and other paraphernalia for children's exercise, was made possible.

Mrs. T. Clifton Howard, who conceived the idea of a children's playground in Alexandria, and other interested members of the Parents and Teachers' Association, are more than enthusiastic over the outlook for the future and success already attained. It has exceeded all expectations. One splendid result is the co-operation which the parents and other interested citizens have have shown.

Sufficient funds were secured to guarantee a successful opening of the playgrounds, but to equip it fully more are needed, and an urgent appeal is issued to help the good work along.

Parents may have no fear in sending their children to the grounds. Mrs. Beall, the directress, has achieved a splendid reputation in her chosen field of endeavor, and she will take the best of care of all children, instructing them in many departments of domestic science. All parents are urged to send their children to the grounds for instruction and recreation.

Tomorrow, the Fourth of July, will be a big day at the children's playgrounds. The children will be entertained in a safe and sane manner. Preparations are being made to entertain them in a true and patriotic manner.

BASE BALL SUNDAY.

The Shamrocks of the Potomac League of Washington, D. C., will be here Sunday for a game with the White Sox at the Point, 2:30 p. m.

The Shamrocks are well known to the fans of this city, and they will bring their strongest team to try to get back at the White Sox for defeating them on their own grounds May 30th.

The White Sox will have their regulars on hand with Seaton and Quayl to do the pitching.

CONFLAGRATION IN RICHMOND

Plant of Electric Company Consumed, Covering Entire Block.

LOSS ABOUT $100,000

Flames Suddenly Shoot from Roof and Rapidly Spread Over Works—Caused by an Explosion.

Richmond, July 3.—Richmond saw her biggest fire of the year last night, when the plant of the Richmond Electric Company, manufacturers of electric motors, covering an entire block in South Richmond, fronting on McDonough street, was completely destroyed by a conflagration which entailed a loss of over $100,000.

Hundreds of people, returning on street cars from Forest Hill Park, were held up near the scene by the many lines of hose stretched across the street and were thoroughly soaked by the biggest downpour of the season, unprotected from great sheets of water, which, driven before a terrific wind, drove everyone to shelter, except the firemen, who stood in little bunches manning the nozzles of hose which played upon the scene, only being visible through the clouds of smoke and downpour, when some of the flames would shoot skyward, lighting up that section of the city. One of the large tanks of oil exploded driving the firemen back, as this highly inflamable material gave impetus to the blaze wihch did not decrease in size until the entire square was a smouldering mass.

The plant had just this year doubled its output, this necessitating the building of another addition to the already large building. The structures were supposed to have been fireproof and were built of steel, concrete and sheet iron. A small storehouse in one corner of the yards was the last of the buildings to go. In this building were stored several expensive pieces of material used in the construction of the motors which the company built.

Edward J. Willis was the owner of the plant.

The Richmond Electric Company was the only builder of Electric motors in the entire South, and the firm sold many of its machines throughout the country. Nearly one hundred men will be thrown out of employment by the destruction of the plant. It will be rebuilt.

NOT ENOUGH BABIES

Explanation Is Called For, and in the Meantime Health Officer's Election Is Postponed.

Staunton, Va., July 3.—The two bodies of Council, in joint session, re-elected all city subordinates officials except the health officer. Dr. W. S. Whitmore was a candidate for re-election, but a letter was read from Dr. W. A. Plecker, State Registrar of Vital Statistics, stating that not enough babies are being reported from Staunton for the population, and the Council failing to get a satisfactory explanation from the health officer of the small number of births reported, did not elect, but postponed election to Tuesday.

Golden and Silver-Gray Coffins.

Vienna, Austria, July 3.—Even "Death the Leveler" today proved powerless to break the iron-bound rank distinctions of the Austrian court. The royal birth of Archduke Frank Ferdinand was emphasized over that of the Countess Hohenberg, his morganatic wife, as the bodies of the two victims of assassin's bullets lay in state here in the little chapel of the royal palace of the Hofburg.

High on black catafalques the caskets of the dead heir to the Hapsburg throne and his wife towered in the little chapel. But the archduke's body lay in a golden coffin, while that of his life's part her was silver gray.

The Alexandria Automobile Association held a meeting last night at the Chamber of Commerce and discussed the proposed highway between Alexandria and Washington.

Walter M. Williams, twenty-two years old, died yesterday at the home of Charles H. Shelton, Del Ray, Alexandria county The deceased was a carpenter.

Commencing tomorrow morning a 20-minute schedule will be in effect on the Washington-Virginia Railway.

Mrs. Emily Rich, a well-known colored resident of this city, died Thursday morning. She will be buried Sunday afternoon at 3 o'clock from the Alfred Street Baptist Church.

COIN WEIGHS 31 POUNDS

Fell Overboard Just After Leaving Mint in 1659—Recovered Ten Years Ago.

New York, July 3.—One of the largest coins ever struck, being 23½ by 13 inches, and weighing 31 pounds, has come into the possession of the American Numismatic Society at One Hundred and Fifty-sixth street and Broadway, and is now shown in one of the glass cases in the main exhibition rooms. The piece, says the World, is of copper, and its coinage value in 1659 was eight Swedish dalers equivalent to about $5.20 American money. As a curio and rarity its value has now multiplied at least 100 fold.

In general appearance the coin is a rectangular ingot, with five large, round stamps punched in it, one in each corner and one in the centre. Stamps were placed in the corners to prevent "clipping." Each corner stamp carries the Swedish crown in the centre and the date, 1659. Around the edge is the inscription of Carolus Gustavus X., the reigning king. The centre stamp states the value at $8 in silver.

This coin was struck in Aveusa, Sweden. While fresh from the mint it fell overboard in the harbor of Riga, Russia, from which a dredge fished it ten years ago. It came finally into the ownership of Emerson McMillan who has presented it to the Numismatic Society.

Coins of this kind were called "plate money." Sweden turned them out continuously for 110 years, beginning in 1649, in the reign of Christina daughter of Gustavus Adolphus, in denominations of eight, four, two and a half daler pieces, with pieces of five and three dalers in one year. The coinage had been in progress ten years when the specimen now here was struck. In 1715 the Swedish government melted down 116 bronze cannon and made them into $6700 plate money dalers.

Such large pieces of pure copper were issued as money in order to find an outlet for the products of the Swedish copper.

MEET DEATH IN FLAMES

Three Others Dying from Injuries Received in Incendiary Tenement Blaze.

New York, July 3.—Bowed in an attitude of prayer before a window, through which they sought to escape, Mrs. Hannah Nicokiri, 45, and daughter, Sarah, 19, perished in an incendiary fire that swept a five-story apartment house at Fifth avenue and 112th street early today.

LEAGUE BLOCKS BETTER BASEBALL

Virginia Magnates Hold Franchise at Alleged Prohibitive Price.

MANY DISAPPOINTED

People of Richmond Manifested Indignation at the Outcome of Recent Negotiations.

Richmond, July 3.—Virginia League officials blocked all plans for bringing the Baltimore Club, of the International League, to this city yesterday afternoon, when they placed what the local promoters termed a prohibitive price on the franchise of the Richmond team. The conference terminated in less than five minutes, when the local business men left the meeting, refusing to countenance what they asserted was a "cold-blooded, hold-up."

The conference was held at 3:30 o'clock in the Richmond Hotel, after the league magnates had held an executive session to discuss the matter. Immediately upon entering the room, Dr. William H. Parker, who had been selected as the spokesman for the business men, stated that the International League had agreed at a meeting earlier in the day, to permit the transfer of the Orioles to Richmond. He stated that his associates had an option on the local team, and that they desired to transfer it to Lynchburg, in order to bring the International Club here. He asked what proposition the league would make for the sale of its rights to this territory.

President Boatwright, on behalf of the owners, stated that he and his associates had carefully considered the matter, and that they had decided that the league rights in Richmond were worth $15,000 cash, plus the Richmond team, which, in order to bring the deal about, the business people must buy from the present owners. This offer was turned down, and a counter proposition submitted. In effect the local men promised to purchase the Richmond Club, turn it over to the league, pay the debts of the Lynchburg team to the National Commission, and give the Virginia League $2,500 in cash. The league own in turn refused to consider the offer, and the negotiations came to an abrupt end.

HELD FOR WHITE SLAVERY.

W. B. Sandeford, Who Disappeared With Durham Girl is Arrested in Norfolk.

Norfolk, Va., July 3.—W. B. Sandeford is charged with violating the Mann white slave law. The accused man, who is less than 38 years old, was granted a hearing before United States Commissioner Stephenson, and at the request of counsel for the defense, the case was continued until July 11.

Sandeford said he was introduced last Saturday to Josephine Cockrell, a pretty 15-year-old girl, who said she wanted to leave Durham, N. C., and was willing to go away with any one who would take her from that city. They motored to Raleigh and came to Norfolk Sunday.

The young man declares he was violated no law, as the girl seemed perfectly willing to leave Durham, there being no persuasion on his part in behalf of having her leave her home.

Offer to Pay For Samose if it Does Not Make Thin People Fat.

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but their food is not properly digested and does them no good.

Samose, the remarkable flesh-forming food should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation so that when taken for a short time Nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

The woman who longs for rosy cheeks and the plumpness of beauty should use Samose. The man who wants to be strong and well and gain health and good flesh, will find his desires accomplished by Samose.

Such remarkable results have followed the use of Samose that druggists, E S. Leadbeater & Sons, are willing to pay for the treatment if it does not give the desired results. They make this offer generally and want all who are thin, weak out of of health to get a box of Samose from them on those terms.

THE LATE ALEX. HUNTER

R. E. Lee Camp of Confederate Veterans, Attends Funeral at Arlington Yesterday.

The remains of the late Alexander Hunter, a Confederate veteran, were interred with full military honors at Arlington Cemetery, yesterday afternoon. R. E. Lee Camp, Confederate Veterans, of this city, attended the funeral. The case was the second in the past month where the same honors accorded the burial of the Union dead were given a former soldier of the Confederacy.

The customary volley by a detail from Fort Myer and the sounding of taps were given as the body of the veteran was lowered into the grave beside his old comrades who sleep at Arlington.

Alexander Hunter died at his home in Silver Spring, Md., last Tuesday at the age of 71 years. He was a former employe of the general land office, having been connected with t hat work in this city for many years.

The deceased was one of the bravest men of the Confederate soldiers. He enlisted in 861 in the Alexandria Rifles, which later became Company A, Seventeenth Virginia Infantry, of Pickett's division. He fought in this branch of the service until 1863, when he was transferred to the famous "Black Horse" cavalry attached to the Fourth Virginia regiment of cavalry.

Hunter was the author of a book, entitled "Johnny Reb and Billy Yank," in which he offered a historical account of the war as seen by a private. His last words was entitled, "The Women of the Debatable Side."

MUST LEAVE THE CITY

Today was "hobo day" in Police Court. A number of strangers from Kellys "Army of the Unemployed" turned back into Virginia from their camp at the end of the high way bridge, and for the first time since their arrival in this section of the state there was complaint from citizens that they were being annoyed by beggars. Justice Caton gave the men an hour to leave the city and warned them that if they returned they would be put on the roads.

POLICE COURT.

(Justice H. B. Caton, Presiding.)

The following cases were disposed of this morning.

Ed Travers, charged with the larceny of fish from G. W. Francis, was fined $10.

John Nickens, colored, charged with disorderly conduct, was fined $5.

O. P. Corbett, charged with drunken and disorderly conduct, was fined $10.

Neacie Tebbs, colored, charged with assaulting Mary James, colored, was dismissed.

Roscoe Coleman and J. H. Duncan, charged with being drunk on the streets, were given one hour in which to leave the city.

Charles Hutchinson and Charles Schneider, charged with begging on the streets, were also given oue hour in which to leave the city.

John Gare, a stranger, was dismissed upon the same conditions.

A white man, charged with assault, had his case continued until Tuesday.

A white man, charged with disorderly conduct, was dismissed.

H. A. Mudd, charged with keeping hogs within the city limits, was fined $1.

INDIAN GUARDS MEETING.

An important meeting of Lone Star Camp No. 1, American Indian Guards, will be held in their hall in south Fairfax street, tomorrow, Friday evening, at 8 o'clock. A full attendance on the part of every guard is desired.

MID-SUMMER HOLIDAY

Many Will Indulge in Recreation Tomorrow, Independence Day.

But little business will be transacted hereabouts tomorrow, July 4th. Some stores will not open up and others will bring their business to a standstill after noon. The bulk of the population will take holiday, and pass the day according to their several inclinations.

There will doubtless be more than the usual number of private picnic parties in this day of automobiles and motorboats. These modern modes of transportation are showing their effect on public excursion steamers and trains. Family parties will begin to pass down the river this evening, while hundreds will follow in their wake tomorrow morning.

Nearly all the motorboats owned hereabouts will be in commission, and toward the close of tomorrow the river will be dotted with these craft returning to Alexandria and Washington.

Large numbers of people will utilize their autos to whisk family and other private parties to rural retreats, where the day will be spent far from the matiding crowd.

The stay-at-homes will indulge in delicacies under their own vines and fig trees.

Many young people will play baseball to their hearts' content.

The city and government offices will be closed tomorrow and the postoffice will observe Sunday hours.

WOULD WADE THE POTOMAC.

Stranger Arrested When About to Enter River at Foot of King Street.

For the first time since 1861 a man was preparing to lower himself into the Potomac in the vicinity of the old ferry slip at the foot of King street yesterday for the purpose of wading across the stream into Maryland. A policeman happened to be close at the time and took the stranger in custody. He was brought before the Police Court this morning when he gave his name as John Gare. He was dismissed with orders to leave the city immediately.

The Monday following the battle of Bull Run when the stampede of federal soldiers to Alexandria took place many of the bedraggled refugees managed to cross the Potomac into Maryland in divers ways. One man cast his gun into the river and attempted to swim across from the vicinity of Jones's Point. He became entangled in the grass and was drowned.

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D. D. D. laboratories of Chicago and is called the D. D. D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.

PUBLISHED DAILY.

The Alexandria Gazette Corporation. Gazette Building - - - - King Street. ROBERT S. BARRETT, President and General Manager.

HOWARD W. SMITH, Secretary and Treasurer.

Entered at the Postoffice of Alexandria, Virginia as second-class matter.

PUBLISHERS' NOTICE.

Following a custom that has been in vogue in the office of this paper ever since it was started, there will be no issue tomorrow on account of the celebration of the Fourth of July. The Gazette hopes that its subscribers and friends will enjoy the holiday.

ANNIVERSARY OF COUNTRY'S BIRTH.

One hundred and thirty-eight years ago tomorrow the fathers of this great American republic assembled in Philadelphia and appended their signatures to the Declaration of Independence. After so long a time, many of the present generation fail to realize the danger and boldness of that act. It meant that should failure result after, would be dangling in front of the men who had the temerity to sign that document. Were once their names had been placed upon the paper it was as crossing the Rubicon. There was no retreat—it must be a fight to the finish. Failure meant ignominious death for contemplating treason. But the god of war was with our forefathers, although it took seven years to bring about the country's independence.

It is an old adage:

Treason never prospers. What's the reason?

Because if prospers, none dare call it treason.

Hence we refer to our great rebellion as the revolution, the war for independence, etc.

Those who fondled Columbia in her swaddling clothes never dreamed of the possibilities which were before the humble colonies after Cornwallis had surrendered at Yorktown and Great Britain called off the dogs of war. The people of the different colonies believed each State must be sovereign and that a federal head was of secondary importance. This claim was held until after the close of the unfortunate civil war, nearly eighty years later.

The suggestion of extending control from the Atlantic to the Pacific would have been looked upon as a wild dream by the most sanguine, and had any one supposed Uncle Sam would eventually cross the great Pacific Ocean and plant the American flag in the antipodes he would have had his sanity questioned.

Yet the shades of Washington, Jefferson, Franklin, John Hancock and others can look down upon this terrestrial globe tomorrow and see the flag of the United States flying in Cuba, Porto Rico, Honolulu, Samoa and Manila, and being saluted, while ships are passing through a canal which pierces the backbone of the American continent, an enterprise carried to completion by the United States.

The development of this country is one of the most rapid in the world's history. What was regarded as the unexplored West in the lifetime of many still living, now teems with large cities, railroads, factories, etc., and rapidly-growing populations.

The productions of the country are simply enormous. Nearly everything needed for the human race is grown under the stars and stripes, and what is oftes said of the parent country—that the sun never sets upon British territory—is almost fulfilled in the growth of the United States.

The American eagle no longer has its Western limits confined to the Rocky Mountains, but its broad pinions are casting shadows in the snows of the Arctic, the tropics and far into the orient.

The Fourth of July should be a great occasion throughout our realm, Honor to the memory of those who sacrificed fortunes and lives to bring about such results should animate those who are enjoying the fruits of the great revolution to show respect to their memories.

Instead of the hilariousness and excesses of bygone days, most people at this time prefer to observe the day decently and in order. There are many ways of manifesting our gratitude without resorting to earsplitting noises, convivial excesses or unseemly conduct of any sort.

Virginia was the first of the 13 original States formally to accept Philadelphia's invitation to send representatives to its celebration of Independence Day. Governor H. O. Stuart promptly sent a letter of acceptance. Virginia was the native State of Washington, Jefferson and many other figures conspicuous in the early history of the nation, and it is entirely fitting for her to lead in sending delegates to Independence Hall in 1914, as she did in 1776. Governor Stuart sent two delegates.

MAN HANGS ON NAIL

Foot Penetrated in Falling and He Dangles Head Downward.

Sunbury, Pa., July 3.—Falling from the top of the City Hotel here, where he was working, George M. Gallagher, a carpenter, of this city, yesterday landed on a joist on the next floor and a heavy wire nail penetrated his foot. He fell over and his body went through the open rafters of the building, where he hung head downward, the nail holding until fellow-workmen rescued and took him to a place of safety. He escaped with a sprained ankle and the hole in his foot made by the nail.

The building upon which Gallagher was working was recently gutted by fire and is being rebuilt. The floors are all open and the nail undoubtedly saved Gallagher's life, he says, as at the bottom, 40 feet below, is a six-inch floor of cement.

FLAMES DESTROY STORE.

Fisherville, Va., July 3.—Flames completely destroyed the magnificent country store of I. Q. Simmons, early yesterday morning, at this place, entailing a loss estimated at about $14,000, with only $5,000 insurance. The crackling of the flames aroused several people living in the neighborhood of the big store building at about 2 a. m. but so much headway had been gained that it was impossible to do anything more than prevent the fire spreading to other houses of the village. There seems to be no clue whatever as to the origin of the fire. It was first discovered in the second floor of the building, which was used for storage. The matches were said to have been stored down stairs, and thtre was no fire in the building when closed for the night.

YOU CAN HAVE A WEALTH OF BEAUTIFUL HAIR

Nothing equals an aureole of beautiful hair as a frame for a pretty face. Without a background of nice hair a really pretty face frequently becomes plain and with it, unattractive features assume life and beauty.

Every woman can increase her natural charm by using Newbro's Herpicide. Herpicide makes hair beautiful. The dandruff germ saps the vitality of the hair. Herpicide applied intelligently and regularly checks this destruction of hair life and prevents the hair from falling out, giving it a snap and luster, a soft, silky fluffiness which can be acquired in no other way.

Newbro's Herpicide in 50c and $1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at the best barber shops and hair dressing parlors.

The deeds of oDan's Kidney Pills.

For Alexandria Kidney sufferers.

Have made their local reputation.

Proof lies in the testimony of Alexandria people.

J. T. Langley, 513 Queen street, Alexandria, Va., says: "I had a bad back and Ithink the whole trouble was caused by a strain. I could not stoop and when I got up in the morning, I could hardly move. I noticed sediment in the kidney secretions. The many good reports I heard of Doan's Kidney Pills led me to get a box at Leadbeater & Sons' drug store. They fixed me up in fine shape. During the past few years since Doan's Kidney Pills cured me of kidney complaint, I have had no trouble, I repeat the praise I have previously given this remedy."

FLESH-FORMING FOOD

When you buy a package of Samose, the great flesh forming food, weigh yourself and see how much you gain in the first week's use. E. S. Leadbeater and Sons will tell of many of their customers who a month or so ago were thin pale and haggard but who are now, through the use of Samose, plump, strong and happy, with perfect health and attractive flesh. They have seen so many instances of the wonderful power of Samose to restore the weak and sick to strength and health, and to make good natural flesh that they give their personal guarantee with every package of Samose they sell to refund the money if it does not prove satisfastory.

Samose is a pure preparation, and can be used with absolute confidence by the most delicate. It gives remarkable results with children who are weak and run down and without appetite.

MUST DIE ON GALLOWS

Nottoway Murderer to Expiate His Crime According to Law at Time of Slaying.

Nottoway Courthouse, Va., July 3.—Sheriff Dunn, of Nottoway County, under a decision handed down by Judge Robert G. Southall, in the Circuit Court of this county, at a special term of court, has been placed in the unique position of having to hang the last negro probably ever to be hung in Virginia.

Judge Southall has decided that Algie Stokes, convicted in 1909 for the murder of another negro named Price on the streets of Blackstone, will have to be executed according to verdict of the jury rendered at that time, and not according to the new law, which provides for electrocution.

Stokes was convicted and sentenced to hang September 25, 1909. During the time intervening between his conviction and the date set for the execution, he made his escape through a chimney built into the dilapidated county jail. He was captured not many days ago in Emporia, Va., where, it is said that he had been working in a livery stable ever since his escape from Nottoway. His arrest was made through the efforts of a traveling salesman, who is on the road for a Blackstone firm. Stokes was seen on the streets of Emporia and recognized by this gentleman, who notified Sheriff Dunn, where the negro could be found.

Sheriff Dunn at once telegraphed the Emporia authorities and the arrest followed.

GIVE SKIN TO SAVE MAN.

J. F. Trice in Critical Condition Despite Heroic Efforts Made to Save Him.

Richmond, Va., July 3.—With the chances of recovery all against him, J. F. Trice, an engineer, whose home is in Louisa county, is dangerously ill at the Memorial hospital where he has been a patient since last December when he was scalded nearly to death in an accident on the Norfolk & Western Railroad. The injured man is a nephew of W. H. H. Trice, of Norfolk, who has rendered assistance to the afflicted family who have been rendered almost destitute by the heavy hospital expenses incidental to the burning.

There have been a dozen or more operations for skin grafting in the hope of saving the life of Mr. Trice. College students have volunteered to give cuticle for grafting and other citizens, including a number of women, have given skin in the various operations, but there is grave doubt as to the recovery of the injured engineer. His condition at the present time is critical with scarcely a chance of recovery.

Hundreds of inches of skin have been grafted on the legsof Mr. Trice, both legs having been burned to the hips and more cuticle has been used than on any other case in the history of the hospital. Every member of the family of Mr. Trice went under the knife in the efforts to save his life, even to his two little sons. Mrs. Trice was operated on twice for grafting.

GANG TO CORRUPT JUSTICE

Regular Scale of Prices for "Framing" Witnesses and "Fixing" Jurors.

Chicago, July 3.—Details of his confessed specialties—bribing jurors, "fixing" witnesses and collateral operations—were given cheerfully by "Slicky" McMahon to officers who have him in charge yesterday. He said his business was systematically established, and his gang here comprised fifty or more men.

"Slicky" explained that, in technical language, witnesses were "framed," jurors are "fixed." Work among veniremen is called "field work."

"'Field work' costs heavily—from $2,000 to $12,000," said McMahon. "Some time as many as fifty men are employed on big cases." He submitted the following as an approximate price list: Fixing a murder jury, $5,000 to $15,000; field work on murder trial, $2000 to $12,000; fixing larceny, assault and similar cases, $200 to $1,000; fake witnesses before testimony, $10 to $50; fake witnesses after testimony, $100 to $500; framing jurors, investigations, $50 to $250; investigation of court records, $5 to $25; intimidation of witnesses or influencing not to prosecute, $50 to $200.

NEVER MET HUSBAND-TO-BE

North Carolina Girl Will Join Him in Columbus, Ohio.

Norfolk, Va., July 3.—On her way to wed a man she has never met, Miss Lucy Onley, 17 years old, daughter of Mr. and Mrs. Thomas H. Onley, of Four Forks, Pasquotank County, N. C., passed through Norfolk yesterday en route to Columbus, Ohio. She has been corresponding with her intended husband, John Lassiter, for a year.

She says she knows she and John were intended for each other and the fact that she has never met him is of no consequence. Her parents, she says feel the same way about it. She says John wrote her that he would be at the depot to meet her when the train arrived. He told her to wear a bo wof red ribbon so he could identify her. He also sent her a railroad ticket good from Elizabeth City, N. C., to Columbus.

WAR ON RATS

Norfolk Declares Quarantine Against New Orleans and Jacksonville.

Norfolk, Va., July 3.—Norfolk declared a quarantine against New Orleans and Jacksonville. The City Council wa sasked to make an appropriation to pay for a crusade against rats. A premium will be paid for every dead rodent brought to the Health Department.

Jacksonville, Fla., July 3.—The city Board of Health, acting upon the instructions of Surgeon-General Blue, has begun a survey of the local port to guard against bubonic plague carrying rats. A bounty will be offered for rats delivered to the authorities.

Tampa, Fla., July 3.—Tampa has instituted a campaign against rats and an official rat catcher has been employed.

TYPEWRITING BY WIRELESS

Norwegian Finds Means of Making "Relays" Sufficiently Strong.

London, July 3.—New uses for wireless telegraphy are being made known here almost every week. A Norwegian naval officer has perfected a means of working the typewriter by wireless—an invention upon which he has been at work for some years. An achievement of this kind demands the provision of "relays" for intensifying the force of the signals received and Capt. Hoylan is said to have surmounted this difficulty. Selenium, which is used so successfully by Dr. Low in his "seeing by telephone" experiments, plays an important part in this invention.

The question of control force by wireless is dealt with in an article in the Marconi organ, "The Wireless World."

If the dots and dashes of the Morse code can be transmitted with regularity over thousands of miles," says the writers (H. Dobell and Commander C. P. Ryan), "it would seem only reasonable to suppose that, with the help of suitable relays, valves could be turned on and off, helms moved to port or starboard, machinery checked and started, alarms rung, in fact, that a whole multitude of useful operations, each in its proper sphere, could be controlled."

TO AVERT CIVIL WAR

Members of Lords Will Vote to Amend Home Rule Bill.

London, July 3.—The debate in the House of Lords today on the bill to amend the Irish home rule bill was characterized by general recognition by the present Unionist peers, that some means of settlement must be found and that the amending bill offered the only solution.

The Marquis of Lansdowne, the Unionist leader, already had announced that it was necessary to find a way out of the calamity which threatened and that therefore the Unionists would give the amending bill a second reading and introduce amendments during the coming stage.

The Duke of Abercorn, speaking today as an Ulster volunteer, said he looked upon the bill as the only loophole he could see for the avoidance of a most awful calamity.

The Marquis of Londonderry, chairman of the Ulster Unionist Council, said the bill was a horrible one, but he would support it in order to avoid civil war.

WHITE SLAVERS IN CAMP

Cotton Mill Company, Whose Mill Burned, Pays Wages to Hands.

Salem, Mass., July 3.—A band of white slavers made their appearance yesterday at the relief camps in the fire-swept city. The police discovered several cases where the girls had been approached by men who offered them transportation to Boston and other cities, giving them addresses in questionable districts. Patrolmen and detectives have been warned to keep a sharp lookout for the men.

Several landlords who have raised rents, finding that there appears to be no legal redress for the tenants, have threatened those who complain with eviction, it was learned today.

The Naumkeag Steam Cotton Company, which had a weekly payroll of $13,000, paid its 1,500 operatives in full June 25th.

Today, notwithstanding that the plant is in ashes, the operatives will be paid in full for the present week.

Met Death in Automobile.

Clifford Johnson, aged 25, met death in an unusual auto accident early yesterday in Burlington, Ia. He was riding with two girl companions, both of whom, it was said, were asleep. As the car passed over a bridge Johnson stood up, raised his arm in the air and it caught in the bridge girders, whisking him from the car. When his absence was discovered a few minutes later the car was run back and Johnson was found dead. His arm had been pulled out at the socket and he had bled to death.
